

OEM TEC GmbH is a successful medium-sized metal processing company in the Leipzig - Halle area, which is active as a globally operating manufacturer of cutting tools for agricultural and garden technology.

To strengthen our team we are looking for a

IT employee (m/f/d)

Your tasks:

- Planning, configuration, support of the IT infrastructure including network, server and client systems (Windows)
- Support and further development of Microsoft 365
- Procurement of the necessary hardware and software
- Participation in IT projects and further development of the IT landscape
- Ensuring smooth IT operations
- Supporting employees with IT problems

What you bring:

- A successfully completed apprenticeship or degree with a focus on IT or similar qualification
- Several years of professional experience in the IT environment
- Sound knowledge in the administration of Microsoft technologies such as Active Directory, Windows client and server operating systems
- Good knowledge of network architecture (LAN, WLAN, VPN, firewall)
- Ideally experience with ERP systems, Microsoft 365 and SQL
- Good knowledge of German and English, both written and spoken
- Ability to work independently and on your own responsibility
- Reliability and ability to work in a team

We offer you:

- a varied and challenging task in a future-oriented and stable medium-sized company with a high degree of manufacturing diversity
- flat hierarchy and open communication
- attractive remuneration with flexible working hours (flexitime system)
- up to 30 days holiday
- company health management

Does this challenge suit you? Then join us!

We look forward to receiving your detailed and informative application documents. Please send them in pdf format, stating your next possible starting date, to personalabteilung@oem-tec.com.
