

OEM TEC GmbH is a successful medium-sized metal processing company in the Leipzig - Halle area, which is active as a globally operating manufacturer of cutting tools for agricultural and garden technology.

To strengthen our production team, we are immediately looking for dedicated

Production employee (m/f/d)

Your tasks:

- Independent operation and monitoring of manual, semi-automatic and automatic production systems
- Packaging and labelling of manufactured products according to specifications
- Ensuring quality with the usual measuring equipment including coordination with the quality assurance department
- Responsibility for order and cleanliness in your work area

What you bring:

- Completed vocational training and initial work experience in production (we also welcome career changers).
- Interest in working in production
- Physical resilience and enjoyment of practical tasks
- Willingness, diligence and ability to work with foresight
- High degree of reliability, conscientiousness and quality awareness
- Strong team spirit, good communication skills and solid German language skills
- Willingness to work shifts in a 3-shift system

We offer you:

- a varied and challenging task in a future-oriented and stable medium-sized company with a high degree of manufacturing diversity
- Well-founded training in an open and cooperative working atmosphere
- attractive remuneration
- up to 30 days holiday
- company health management

This challenge suits you?

Then we look forward to receiving your detailed and informative application documents. Please send them, stating your next possible starting date, to the following address:
